Case sharing session

Date: June 11th, 2023 (Sunday)

● Venue: Fo Guang Shan Buddha Museum 佛光山佛陀紀念館

● 建議口頭報告8分鐘,討論4分鐘

預計時間	作者姓名	代表醫院	題目					
MODURATOR FOR FIRST HALF: 郭繼陽/ HUNG LIK HANG								
09:00~09:12	鄞宗誠	Chang Gung Memorial	Pediatric lumbar disc herniation					
		Hospital, Kaohsiung						
09:12~09:24	HUNG Lik	Prince of Wales Hospital	Chronic fixed patella dislocation: relocate or not?					
	Hang							
09:24~09:36	楊文一	Chang Gung Memorial	Closed reduction and percutaneous pinning for Jakob					
		Hospital, Linkou	type 3 (Song type5) lateral condyle fracture of elbow in children					
09:36~09:48	CHEUNG Ho	Private Practice	Neurovascular complication in a Gartland Type III					
	Man		elbow supracondylar fracture - case report					
09:48~10:00	杜品毅	Kaohsiung Medical	Child abuse presented with distal humeral					
		University Chung-Ho	transphyseal fracture					
		Memorial Hospital						
10:00~10:12	LAU Yiu	Prince of Wales Hospital	A case of arthrogryposis multiplex congenita					
	Chung Adam							
10:12~10:30	coffee break							
	MODI	JRATOR FOR SECOND HAI	F: 楊文一/ YEUNG CHING MAN					
10:30~10:42	MODU MA Arthur	JRATOR FOR SECOND HAI	LF: 楊文一/ YEUNG CHING MAN A case of lower limb multiplanar deformity					
10:30~10:42 10:42~10:54			· · · · · · · · · · · · · · · · · · ·					
	MA Arthur	Tuen Mun Hospital	A case of lower limb multiplanar deformity					
	MA Arthur SO Lok Wah	Tuen Mun Hospital Duchess of Kent Children's	A case of lower limb multiplanar deformity					
10:42~10:54	MA Arthur SO Lok Wah Noah	Tuen Mun Hospital Duchess of Kent Children's Hospital	A case of lower limb multiplanar deformity Two cases of Trevor's disease					
10:42~10:54	MA Arthur SO Lok Wah Noah LIN Daniel Li-	Tuen Mun Hospital Duchess of Kent Children's Hospital University of Hong Kong	A case of lower limb multiplanar deformity Two cases of Trevor's disease Osteogenesis imperfecta with severe lower limb					
10:42~10:54 10:54~11:06	MA Arthur SO Lok Wah Noah LIN Daniel Li- Liang	Tuen Mun Hospital Duchess of Kent Children's Hospital University of Hong Kong Shenzhen Hospital Chi Mei Medical Center Hong Kong Children's	A case of lower limb multiplanar deformity Two cases of Trevor's disease Osteogenesis imperfecta with severe lower limb deformity					
10:42~10:54 10:54~11:06 11:06~11:18 11:18~11:30	MA Arthur SO Lok Wah Noah LIN Daniel Li- Liang 李易儒 CHOW Wang	Tuen Mun Hospital Duchess of Kent Children's Hospital University of Hong Kong Shenzhen Hospital Chi Mei Medical Center Hong Kong Children's Hospital	A case of lower limb multiplanar deformity Two cases of Trevor's disease Osteogenesis imperfecta with severe lower limb deformity Neonatal septic hip A boy with "congenital dislocation of hip"					
10:42~10:54 10:54~11:06 11:06~11:18	MA Arthur SO Lok Wah Noah LIN Daniel Li- Liang 李易儒	Tuen Mun Hospital Duchess of Kent Children's Hospital University of Hong Kong Shenzhen Hospital Chi Mei Medical Center Hong Kong Children's Hospital National Cheng Kung	A case of lower limb multiplanar deformity Two cases of Trevor's disease Osteogenesis imperfecta with severe lower limb deformity Neonatal septic hip A boy with "congenital dislocation of hip" Bowlegs deformity could be corrected by phosphorus					
10:42~10:54 10:54~11:06 11:06~11:18 11:18~11:30	MA Arthur SO Lok Wah Noah LIN Daniel Li- Liang 李易儒 CHOW Wang	Tuen Mun Hospital Duchess of Kent Children's Hospital University of Hong Kong Shenzhen Hospital Chi Mei Medical Center Hong Kong Children's Hospital	A case of lower limb multiplanar deformity Two cases of Trevor's disease Osteogenesis imperfecta with severe lower limb deformity Neonatal septic hip A boy with "congenital dislocation of hip" Bowlegs deformity could be corrected by phosphorus and calcitriol treatment in patients with X-linked					
10:42~10:54 10:54~11:06 11:06~11:18 11:18~11:30	MA Arthur SO Lok Wah Noah LIN Daniel Li- Liang 李易儒 CHOW Wang	Tuen Mun Hospital Duchess of Kent Children's Hospital University of Hong Kong Shenzhen Hospital Chi Mei Medical Center Hong Kong Children's Hospital National Cheng Kung	A case of lower limb multiplanar deformity Two cases of Trevor's disease Osteogenesis imperfecta with severe lower limb deformity Neonatal septic hip A boy with "congenital dislocation of hip" Bowlegs deformity could be corrected by phosphorus
